

Cave Hill Cemetery Offers Virtual Remembrance Option

By Michael Higgs

Cave Hill Cemetery is pleased to offer an opportunity to create a virtual remembrance page for your loved one or friend. Using our Burial Database, you can share images, videos, and create striking memorial messages that can be shared using social media. We encourage you to visit our website or use our mobile app to create a virtual legacy page.

Here are step-by-step instructions on how to use our Burial Database:

- Visit our [website](#)
- Scroll down to our Burial Record Search option
- Click Burial Record Search
- Follow the prompts provided on the search screen
- Scroll through the results to find your relative or friend
- Click on their name
- Click View & Submit Memories
- Click "Please share your memories of ..."
- Follow prompts provided for uploading memories, videos, or photographs
- Share on your favorite social media channel

You can also download our mobile app on the Cave Hill Cemetery Website. Using the app, you can easily navigate through the cemetery roadways to a grave site. A variety of historical tours are also available by using our app.

For assistance with this service, you are welcome to call our office at 502.451.5630.

Additional Resource: The Louisville Free Public Library is offering a free opportunity to research family history using Ancestry.com. You must be a member of the library to access this wonderful tool. [Click here for more information.](#)
